Be the Change!

FEED352.ORG

join our fight against hunger today!

Hunger in America, especially in our beautiful Nature Coast of Florida, is staggering, and the impact is heartbreaking. The Community Food Bank and partners like YOU are taking our cue from McGruff the Crime Dog and “we are taking a bite out of hunger!” A BIG Bite!

We **NEED YOU** to ensure over **120,000 of our neighbors** have the food and quality nutrition they need to go to school, work, and allow our community to thrive.

The Community Food Bank supplies pantries, meal sites, and shelters across Citrus, Hernando, and Sumter counties and connects our neighbors in need to the resources they need to regain their independence with every meal.

- **Hunger is in every subdivision, every workplace, and at every age**
- **52% of our neighbors are living one paycheck away from hunger**
- **120,000 residents receive food relief through our efforts daily**
- **60,000 rely on SNAP benefits that don't meet all of their needs**
- **Our pantry partners continue to serve and connect clients to resources and pathways to independence**
- **5 million meals are needed in 2026**

Each \$1 provides 10 meals to our neighbors in need

Our fight is not over, but together, we are stronger than ever and can ensure that no one in our community goes hungry. We recently followed up on a client we featured as “Ruth” a few years ago. Because of your support and our wonderful pantry partners, she has been flourishing and is proud to share her story as an unexpected, but desperate face of hunger.

CFB Impact Video:

Every day, every bag, every meal, YOU are right there with us. Your compassion and kindness are truly nourishing hope. Please help us continue the battle against hunger until we all rise up together!

With deep appreciation and thanks for your support,

Barbara Sprague
